Parts Order Information:

To best fulfill your parts requirements, Gather the following information before contacting us:

- Header Make / Model
- AWS Fan SN (location shown in picture)

If you have any questions regarding the suitability of the parts you receive, please call the above number ASAP so that we can assist in ensuring the parts are correct and used properly.

Fan Serial Number Location

The serial number plate for the fan is located on the fan mounting plate, below the throttle actuator mounting bracket.

Drive Identification

AWS uses 3 different secondary belt drive ratios depending on combine model; parts in this book are referenced as "A", "B" or "C" Drive for simplification. There are 2 methods of identifying the drive ratio:

- Via the serial number (Either the 4th or 6th digit of the SN will be A,B or C)
- Via combine manufacturer:

A Drive - John Deere, Case IH (Max 550 rpm Input)

B Drive - Gleaner, New Holland, Cat (550-600 rpm Input)

C Drive - Claas (600-720 rpm Input)

Terms and Conditions:

- All goods are F.O.B Mitchell, Ontario, Canada or Minot, ND USA
- All Parts include 30 day warranty of defects.
- Please indicate preferred shipment method with order (due to our shipping volume it is typically most cost effective to have parts shipped out prepaid, with shipping costs shown on the parts invoice).
- Returns accepted within 12 months of purchase, must be unused and are subject to a 10% handling fee. They must be shipped back to AWS prepaid with prior authorization.
